## BRYAN ON THE PRESIDENCY

He Thinks one Term Sufficient and has High Ideals of the Responsibilities Involved.

New York, July 15.—William J. Bryan, the democratic nominee for president, has written an article entitled, "My Conception of the Presidency," for the July 18 issue of Collier's Weekly.

Mr. Bryan says:  
"The president's power for good or for harm is often overestimated. This government is a government of checks and balances; power is distributed among different departments, and each of them works in co-operation with others. In the making of laws, for instance, the president joins with the house and senate, he may recommend, but he is powerless to legislate, except as a majority of the senate and the house concur with him. The senate and the house also are independent of each other, each having a veto over the other; and the president has a veto over both, except that the senate and house can, by a two-thirds vote, override the president's veto. The influence of the president over legis-

lation, is therefore limited. He shares responsibility with a large number of the people's representatives.

Even in the enforcement of law, he is hedged about by restrictions. He acts through an attorney-general (whose appointment must be approved by the senate) and offenders against the law must be prosecuted in the courts, so that here again the responsibility is divided. In the making of important appointments, too, he must consult the senate and is of necessity, compelled to exercise care and discretion. The most important requisite in a president, as in other officials, is that sympathy shall be with a whole people, rather than with any fraction of the population. He is constantly called upon to act in the capacity of a judge—deciding between the importunities of those who seek favors and the rights and interests of the public. Unless his sympathies are right the few are sure to have an advantage over the many, for the masses have no one to present their claims. They act only at elections and must trust to their representatives to protect them from all their foes.

"Second, the president must have a knowledge of public questions and the ability to discern between the true and the false; he must be able to analyze the conditions, and to detect the sophistries that are always employed by those who seek unfair advantages.

"He must possess the moral courage to stand against the influences that are brought to bear in favor of special interests. In fact, the quality of moral is as essential in a public official as either right sympathies or a trained mind.

"A president must have counsellors and to make wise use of counsellors. He must be open to conviction. The president is committed by his platform to certain policies; and the platform is binding, he is also committed to certain principles of government, and this he is in duty bound to apply in all matters that come before him. But there is a wide zone in which he must act upon his own judgment, and here he ought to have the aid of intelligent, conscientious and faithful advisers. The law provides these to a certain extent, in giving him a cabinet, and the vice president may be better pre-a member of the cabinet ex officio, in order, first, that the president may have the benefit of his wisdom and knowledge of affairs, and second, that the vice president may be better prepared to take up the work of the president in case of a vacancy in the presidential office. There ought to be cordial relations also between the president and those who occupy positions of influence in the co-ordinate branches of the government, for our government is not a one-man

MRS. RUTH BRYAN LEAVITT

government, but a government in which the chosen representatives of the people labor together to give expression to the will of the voters.

"But the presidency is the highest position in the world, and its occupant is an important factor in all national matters. If he is a devout believer in our theory of government, recognizes the constitutional distribution of power, trusts thoroughly in the people and fully sympathizes with them in their aspirations and hopes, he has an opportunity to do a splendid work; he occupies a vantage ground from which he can exert a wholesome influence in favor of each forward movement.

"The responsibilities of office are so great that the occupant ought to be relieved of every personal ambition, save the ambition of his countrymen; for this reason he ought to enter the position without thought or prospect of a second term.

"While the burdens of such an office are heavy and while the labors of the office are exacting and exhausting, the field of service is large, and measuring its greatness by service, a president by consecrating himself to the public weal, can make himself secure in the affections of his fellow citizens while he lives and creates for himself a permanent place in the nation's history."

### AGED INDIAN KILLS WHITE GIRL

Vinita, Okla., July 15.—Angered because, as he alleges, she had thrashed his youngest son and killed a favorite wolf hound, and driven into a rage when she entered his berry patch in spite of the "Keep Out" sign, Winchester Scott, seventy years old, and a widely known Indian throughout the state, shot and killed Miss Myrtle Griffin, twenty years old. He stood in his front door, and sent a bullet squarely through her heart as she entered the berry patch.

### FRISCO FLYER DERAILED.

Track Torn Up and Traffic Delayed But No One Injured.

Weleetka, Okla., July 15.—Four passenger coaches filled with travelers escaped uninjured this evening at 7 o'clock when Frisco Flyer No. 10 north bound, left the track 2 miles north of here. The track was torn up and traffic will be delayed until 10 o'clock tomorrow.

The engine and sleeping car held the rails but four passenger cars between jumped the track and bumped along on the ties for several car lengths before the train was brought to a standstill. Not a scratch could be found on any of the passengers and the trainmen were unhurt.

Spreading rails are held responsible for the wreck.

### Big Indian Pow-Wow.

El Reno, Okla., July 15.—Four thousand Indians from nearly all the agencies in the north and southwest are gathering near Calumet in this county for a big council and dance which will last three days.

### KERN GIVEN A GREAT OVATION

Indianapolis, Ind., July 15.—The reception given John W. Kern, the newly nominated democratic candidate for vice president of the United States held in the court house yard at 8:30 o'clock tonight, was as hearty and generous and spontaneous as the citizens of Indianapolis, regardless of politics, could make it.

Fully 5,000 people, gathered in Delaware street in the court house yard, gave Mr. Kern a hearty welcome and cheered him enthusiastically. The newly made candidate addressed the big crowd for about twenty minutes after being presented by Charles W. Fairbanks, Vice President of the United States. Four years ago Mr. Kern presented Mr. Fairbanks to a big non-partisan gathering under similar circumstances.

The crowd which received Mr. Kern was in a cheering mood. It cheered Mrs. Kern and William Kern and John W. Kern, Jr., when they came on the stand. Republicans applauded as loudly as the Democrats. The crowd gathered early and while waiting for the exercises to begin the Indianapolis Military Band gave a concert of popular airs. The band played "Maryland," "Dixie" and "The Star-Spangled Banner."

When the carriage in which Mr. Kern and Vice President Fairbanks rode arrived the band started, "When Johnny Comes Marching Home."

This was the signal for a tumultuous applause, and when the two distinguished men alighted they were greeted tumultuously.

Mayor Bookwater extended a greeting as Mr. Fairbanks and Mr. Kern ascended to the platform. Mr. Kern was warmly welcomed on the platform by prominent men of the city, who were there by special invitation. A few minutes later Mrs. Kern, Miss Julia Kern and the children arrived.

Mayor Bookwater signaled for silence and with few brief remarks presented Vice President Fairbanks.

"We have met," the Mayor said, "to do honor to a fellow-citizen who has brought honor to all of us."

Vice President Fairbanks was applauded heartily when he arose. He spoke about ten minutes, paying a fine tribute to his friend and neighbor, John W. Kern. The Vice President happily recalled that four years ago, when he returned to the city a Vice Presidential nominee, Mr. Kern was one of those to give him a hearty welcome. Each reference the Vice President made was applauded by the big crowd.

Perhaps in all his career as a public speaker John W. Kern never was received with more ardent applause than he was when he faced the crowd of 5,000 people tonight. Although tired and worn from his long trip, Mr. Kern was in good voice and the crowd heard him distinctly.

Jordan Hulsey was tried in county court yesterday for selling liquor and was fined \$50 and thirty days in jail. His father, Bill Hulsey, was acquitted today on same charge.

## PLENTY TO KEEP US ALL BUSY AND HAPPY.

The July crop report is most encouraging. It shows that the winter wheat harvest this year will be approximately 416,514,000 bushels, as compared with 409,442,000 bushels last year. While slightly larger than the 1907 crop, the crop this year has been surpassed in size only three times—1906, 1905 and 1901—so we are close to a record output. Spring wheat data indicate a crop of 276,276,000 bushels, which likewise is larger than that of last year. The only larger crops were those of 1901, 1899 and 1898. The total indicated yield of wheat is 692,790,000 bushels. The only better years were 1906—the record year—1905 and 1901.

The promise for corn is 2,726,000,000 bushels on an area of 100,996,000 acres and a condition of 82.8. This estimate is 133,000,000 bushels higher than the 1907 harvest, but 201,000,000 bushels less than the output of the preceding year.—Dallas News.

"Guthrie, Okla., July 15.—"No suits will be prosecuted against the Prairie Oil and Gas Company without my consent," said Gov. Haskell on his arrival here. "I shall institute a very thorough investigation and if the cases have merit in them they will be pushed. If not, they will be dismissed."

Haskell and Attorney West are expected to clash soon.

## RESOLUTION.

In Council Chambers of the City of Ada, Oklahoma.

Whereas, the first legislature of the State of Oklahoma has seen fit and wise to enact and pass into a law "House Bill No. 231," being "An Act to provide for the improvement of streets and other public places within cities of the First-class, by grading, paving, macadamizing, curbing, guttering and draining the same and declaring an emergency," and

Whereas, the city of Ada, Okla., has grown from a small country village to a city of the First-class under the laws of the State of Oklahoma, duly declared to be such by the Governor thereof; and

Whereas, the increased traffic on and over the public thoroughfares of the said city makes it imperative that more efficient and substantial streets and highways be built in the said city at once.

Therefore, be it resolved by the mayor and the councilmen of said city, in regular session assembled, that an urgent necessity for the paving, guttering, grading and curbing of Main street of said city, from the west side of the right of way of the St. Louis and San Francisco railroad to the east side of the right of way of the Missouri, Kansas and Texas railroad, Townsend avenue of said city, from the middle of 12th street, on the south to the west side of the right of way of the St. Louis and San Francisco railroad on the north Broadway avenue of said city, from the middle of 12th street on the south to the west side of the right of way of the St. Louis and San Francisco railroad on the north and Rennie avenue of said city, from Main street to the middle of the alley between Main and 12th streets, be and is hereby declared to exist; and resolved further, that the said mayor and councilmen will proceed to grade, pave, gutter and curb the said streets and avenues between the points afore said with vitrified brick or asphaltum after fifteen days from the last day of the publication of this notice.

Passed and approved, this the 6th day of July, A. D., 1908.

GEO. A. HARRISON, Mayor.  
Attest: W.B. JONES, City Clerk.

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. County Treasurer Cates Demonstrates  
the Greatness of Our Soil.

It always pleases the News to become informed of anything or any condition which forebodes good to Pontotoc county. It likewise always gratifies the News editor to meet the informants who afford enlightenment concerning those advantages which obtain in Pontotoc county.

County Treasurer Cates brought to the News office Wednesday a little limb, the stub of which was not larger than the tapering finger of a lean society lady and the length of which was only about fifteen inches. Clinging to the little sprig which offshot this little limb were seven enormous, healthy, luscious appearing Bartlett pears, averaging in circumference from nine to ten inches. These pears were the product of Ada soil and resulted from Colonel Cates' cultivation which was the mere planting of the seed. Pontotoc county soil cannot be excelled in the growth of fruit.

In the prices given in the advertisement of the Surprise Store, published in yesterday's News, two errors were made by the printer in correcting the proof.

Boys' serge Knickerbocker suits should have been priced at \$2.95 instead of \$2.25.

The Surprise Store, in accordance with its custom to sell things as advertised, sold these suits at the price of \$2.25, losing the difference between that and \$2.95 on each suit, until this correction could be made.

**Haskell's Special Representative.**  
Guthrie, Okla., July 15.—Governor Haskell today named James A. Kirkwood of this city state president of the Anti-Horse Thief Association, and prominent democratic politician, as special representative of the executive office to investigate the facts in regard to the laying of pipe lines by the Prairie Oil and Gas Company of Nowata, Washington, Tulsa and adjoining counties, which caused the injunction suits recently instituted by Attorney General West. Mr. Kirkwood was selected because of his wide acquaintance over the state.

**Seven Miners Killed.**

Pottsville, Pa., July 15.—Seven mine workers were killed and 10 others injured, four of whom may die, by a terrific explosion of gas in the Williamstown colliery of the Summit Branch mining company in the lower part of the anthracite coal fields.

The mine was wrecked and set on fire.

Heat prostrates the nerves In the summer one needs a tonic to off-set the customary hot weather Nerve and Strength depression. You will feel better within 48 hours after beginning to take such a remedy as Dr. Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course, you won't get entirely strong in a few days, but each day you can actually feel the improvement. That tired, lifeless, spiritless feeling will quickly depart when using the Restorative. Dr. Shoop's Restorative will sharpen a failing appetite; it aids digestion; it will strengthen the weakened Kidneys and Heart by simply rebuilding the worn-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by G. M. Ramsey.

## BRYAN ON THE PRESIDENCY

He Thinks one Term Sufficient and  
has High Ideals of the Re-  
sponsibilities Involved.

New York, July 15.—William J. Bryan, democratic nominee for president, has written an article entitled "My Conception of the Presidency" for the July 15 issue of Collier's Weekly.

Mr. Bryan says:  
The president's power for good or for harm is often overestimated. This government is a government of checks and balances. Power is distributed among different departments and each of them works in cooperation with others. In the making of laws for instance, the president joins with the house and senate. He may recommend, but he is powerless to legislate. He has a veto over the bill, but he has no power to change it. He has a veto over the bill, but he has no power to change it. He has a veto over the bill, but he has no power to change it.

His responsibility is not limited. He shares responsibility with a large number of the people's representatives. Even in the enforcement of law he is hedged about by restrictions. He acts through an attorney general whose appointment must be approved by the senate and officer against the law must be presented in the courts. So that here again the responsibility is divided. In the making of important appointments too, he must consult the senate and is of necessity compelled to exercise care and discretion. The most important cause in a president's other official duties is that which shall be a whole people rather than with any fraction of the population. He is constantly called upon to act in the capacity of a judge, deciding between the rights of those who seek favors and the rights of the public. His sympathies are right, the law is on his side, but he must not to have an advantage. The many for the masses have no one to protect them from the influence of the president over his

government in a government in which the chosen representatives of the people labor together to give expression to the will of the voters.

Put the president in the highest position in the world and its object is an important factor in all national matters. It is a devout belief in our theory of government that the distribution of power trusts should be in the people and fully sympathizes with them in their rights and liberties. He has in opportunity to do a splendid work, he occupies a vantage ground from which he can exert a wholesome influence in favor of each forward movement.

The responsibility of other so great that the corrupt ought to be relieved of every personal ambition save the notion of his countrymen, for this reason he ought to enter the position without thought of prospect of a second term.

While the duties of such an office are heavy and while the others of the office are extensive and exacting, the field of service is large and waiting its greatness by service. The president is constantly making himself to the public and can make himself secure in the affections of his fellow citizens while he lives and craves for himself a permanent place in the nation's history.

### AGED INDIAN KILLS WHITE GIRL

Vinita, Okla., July 15.—Angered because as he alleges she had thrashed his youngest son and killed a favorite wolf bound and driven into a rage when she entered his territory in spite of the Keep Out sign Winchester Scott seventy years old and a widely known Indian throughout the state shot and killed Miss Wirtie Griffin twenty years old. He stood in his front door and sent a bullet squarely through her heart as she entered the door.

### PRISCO FLYER DERAILLED.

Track Torn Up and Traffic Delayed But No One Injured.

Wicketta, Okla., July 15.—Four passenger coaches filled with travelers escaped uninjured this evening at 7 o'clock when Prisco Flyer No. 10 north bound left the track 2 miles south of here. The track was torn up and traffic will be delayed until 10 o'clock tomorrow.

The engine and sleeping car held the rails but four passenger cars between jumped the track and bumped along on the ties for several car lengths before the train was brought to a standstill. Not a scratch could be found on any of the passengers and the trainmen were unhurt.

Spreading rails are held responsible for the wreck.

**Big Indian Pow-Wow**  
El Reno, Okla., July 15.—Four thousand Indians from nearly all the agencies in the north and southwest are gathering near Calumet in this county for a big council and dance which will last three days.

### KERN GIVEN A GREAT OVATION

Indianapolis, Ind., July 15.—The reception given John W. Kern, the newly nominated democratic candidate for vice president of the United States held in the court house at 8 o'clock tonight was a hearty and generous and spontaneous one. The citizens of Indianapolis regardless of politics could make it.

Full 600 people gathered in Delaware street in the court house and gave Mr. Kern a hearty welcome and cheered him enthusiastically. The newly made candidate addressed the big crowd for about twenty minutes after long presented Charles W. Fairbanks Vice President of the United States four years ago. Mr. Kern presented Mr. Fairbanks to a big non-partisan gathering under similar circumstances.

The crowd which received Mr. Kern was in a cheering mood. It cheered Mrs. Kern and William Kern and John W. Kern. When they came on the stand Republicans applauded as loudly as the Democrats.

The crowd gathered early and while waiting for the exercises to begin the Indianapolis Military Band gave a concert of popular music. The band played "Marching Dixie" and "The Star Spangled Banner."

When the carriage in which Mr. Kern and Vice President Fairbanks rode arrived the band started. When Johnny Comes Marching Home.

This was the signal for a tumultuous applause and when the two distinguished men alighted they were greeted enthusiastically.

Mayor Bookwalter extended a greeting as Mr. Fairbanks and Mr. Kern ascended to the platform. Mr. Kern was warmly welcomed on the platform by prominent men of the city who were there by special invitation. A few minutes later Mrs. Kern, Miss Julia Kern and the children arrived.

Mayor Bookwalter signaled for silence and with few brief remarks presented Vice President Fairbanks.

"We have met the Mayor said to do honor to a fellow citizen who has brought honor to all of us."

Vice President Fairbanks was applauded heartily when he arose. He spoke about ten minutes, paying a fine tribute to his friend and neighbor John W. Kern. The Vice President happily recalled that four years ago when he returned to the city a Vice Presidential nominee, Mr. Kern was one of those to give him a hearty welcome. Each reference the Vice President made was applauded by the big crowd.

Perhaps in all his career as a public speaker John W. Kern never was received with more ardent applause than he was when he faced the crowd of 5,000 people tonight. Although tired and worn from his long trip Mr. Kern was in good voice and the crowd heard him distinctly.

Jordan Hulsey, was tried in county court yesterday for selling liquor and was fined \$50 and thirty days in jail. His father, Bill Hulsey, was acquitted today on same charge.

## PLENTY TO KEEP US ALL BUSY AND HAPPY.

The July crop report is most encouraging. It shows that the winter wheat harvest this year will be approximately 416,511,000 bushels as compared with 407,442,000 bushels last year, while slightly larger than the 1907 crop, the crop this year has been surpassed in size only three times—1906, 1905 and 1901—so we are close to a record output. Spring wheat data indicate a crop of 276,276,000 bushels, which likewise is larger than that of last year. The only larger crops were those of 1901, 1899 and 1898. The total indicated yield of wheat is 692,790,000 bushels. The only better years were 1906—the record year—1905 and 1901. The promise for corn is 2,726,000,000 bushels, on an area of 100,996,000 acres and a condition of 82.8. This estimate is 133,000,000 bushels higher than the 1907 harvest, but 201,000,000 bushels less than the output of the preceding year.—Dallas News.

Guthrie, Okla., July 15.—"No suits will be prosecuted against the Prairie Oil and Gas Company without my consent," said Gov. Haskell on his arrival here. "I shall institute a very thorough investigation and if the cases have merit in them they will be pushed. If not, they will be dismissed."  
Haskell and Attorney West are expected to clash soon.

## RESOLUTIONS.

In Council Chambers of the City of Ada, Oklahoma.

Whereas, the first legislature of the State of Oklahoma has seen fit and wise to enact and pass into a law "House Bill No. 231," being "An Act to provide for the improvement of streets and other public places within cities of the First-class, by grading, paving, macadamizing, curbing, guttering and draining the same and declaring an emergency," and

Whereas, the city of Ada, Okla., has grown from a small country village to a city of the First-class under the laws of the State of Oklahoma, duly declared to be such by the Governor thereof, and

Whereas, the increased traffic on and over the public thoroughfares of the said city makes it imperative that more efficient and substantial streets and highways be built in the said city at once

Therefore, be it resolved by the mayor and the councilmen of said city, in regular session assembled, that an urgent necessity for the paving, guttering, grading and curbing of Main street of said city, from the west side of the right of way of the St. Louis and San Francisco railroad to the east side of the right of way of the Missouri, Kansas and Texas railroad, Townsend avenue of said city, from the middle of 12th street, on the south to the west side of the right of way of the St. Louis and San Francisco railroad on the north Broadway avenue of said city, from the middle of 12th street on the south to the west side of the right of way of the St. Louis and San Francisco railroad on the north and Rennie avenue of said city, from Main street to the middle of the alley between Main and 12th streets, be and is hereby declared to exist; and resolved further, that the said mayor and councilmen will proceed to grade, pave, gutter and curb the said streets and avenues between the points afore said with vitrified brick or asphaltum after fifteen days from the last day of the publication of this notice.

Passed and approved, this 6th day of July, A. D. 1908.

GEO. A. HARRISON, Mayor.  
Attest: W. B. JONES, City Clerk.

## Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, and their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month. Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell.

## County Treasurer Cates Demonstrates the Greatness of Our Soil.

It always pleases the News to become informed of anything or any condition which forebodes good to Pontotoc county. It likewise always gratifies the News editor to meet the informants who afford enlightenment concerning those advantages which obtain in Pontotoc county.

County Treasurer Cates brought to the News office Wednesday a little lamb, the stub of which was not larger than the tapering finger of a lean society lady and the length of which was only about fifteen inches. Clinging to the little sprig which off-shot this little lamb were seven enormous, healthy, luscious appearing Bartlett pears, averaging in circumference from nine to ten inches. These pears were the product of Ada soil and resulted from Colonel Cates' cultivation which was the mere planting of the seed. Pontotoc county soil cannot be excelled in the growth of fruit.

Moral: The first thing you do when you have acquired a farm, plant an orchard. If you want to get rich quick, and absolutely don't have to find the price of a bale of cotton in the fall with which to buy groceries, plant all your tract in the same thing.

An Unfortunate Error. In the prices given in the advertisement of the Surprise Store, published in yesterday's News, two errors were made by the printer in correcting the proof.

Men's pants worth up to \$2.00 were quoted at \$1.95, when the price should have been \$1.25.

Boys' serge Knickerbocker suits should have been priced at \$2.95 instead of \$2.25.

The Surprise Store, in accordance with its custom to sell things as advertised, sold these suits at the price of \$2.25, losing the difference between that and \$2.95 on each suit, until this correction could be made.

## BRYAN ON THE PRESIDENCY

He Thinks one Term Sufficient and  
has High Ideals of the Re-  
sponsibilities Involved.

New York, July 15.—William J. Bryan, democratic nominee for president, has written an article entitled "My Conception of the Presidency" for the July 15 issue of Collier's Weekly.

Mr. Bryan says:  
The president's power for good or for harm is often overestimated. This government is a government of checks and balances. Power is distributed among different departments and each of them works in co-operation with others. In the making of laws for instance, the president joins with the house and senate. My recommendation is that he is powerless to legislate except in a minority of the senate and he has no concern with him. He is not the head of the nation. He is not the head of each of the departments and each of the departments is not the head of the president. He is not the head of the nation. He is not the head of each of the departments and each of the departments is not the head of the president. He is not the head of the nation. He is not the head of each of the departments and each of the departments is not the head of the president.

tion is that fore loaded. He shares responsibility with a large number of the people's representatives. In the enforcement of law he is hedged about by restriction. He acts through an attorney general (whose appointment must be approved by the senate) and otherwise. The law must be presented in the courts so that here again the responsibility is divided in the making of important appointments too he must consult the senate and is of necessity compelled to exercise care and discretion. The most important function of a president in other officials is that sympathy shall be with a whole people rather than with any fraction of the population. He is constantly called upon to act in the capacity of a judge, deciding between the interests of those who seek favors and the rights and interests of the public. Unless his sympathies are right the law is sure to have an advantage. The many for the masses are not out to present their claims. He is not only a legislator and must first to their representatives to protect the people from all their foes.

Second, the president must have knowledge of public questions and the ability to use it. He must be able to live in the conditions and detect the sophistries that are used to make him believe those who are untruthful.

He must possess the courage to stand against the influences that are brought to bear in favor of special interests. In fact the quality of moral is essential in a public official is either right sympathies or a trained man.

A president must have counselors and to work wise use of counselors. He must be open to conviction. The president is committed to his platform to certain policies and the platform is sacred. He is also committed to certain principles of government and this he is in duty bound to apply in all matters that come before him. But there is a wide zone in which he must act upon his own judgment and here he ought to have the aid of intelligent counselors and faithful advisers. The law provides those to a certain extent by giving him a cabinet and the vice president may be given a member of the cabinet ex officio in order that the president may have the benefit of his wisdom and knowledge of affairs and second that the vice president may be better prepared to take up the work of the president in case of a vacancy in the presidential office. There ought to be cordial relations also between the president and those who occupy positions of influence in the coordinate branches of the government for our government is not a one-man

MRS. RUTH BRYAN LEAVITT

### KERN GIVEN A GREAT OVATION

Indianapolis, Ind., July 15.—The reception given John W. Kern, the newly nominated democratic candidate for vice president of the United States, held in the court house, ended at 8 o'clock tonight. It was hearty and generous and spontaneous as the citizens of Indianapolis regardless of politics could make it.

Full 900 people gathered in Delaware street in the court house and gave Mr. Kern a hearty welcome and cheer. He was enthusiastically greeted by the newly made candidate and dressed the big crowd for about twenty minutes after being presented by Charles W. Fairbanks, Vice President of the United States. Fairbanks, who Mr. Kern presented Mr. Fairbanks to a big non-partisan gathering under similar circumstances.

The crowd which received Mr. Kern was in a cheering mood. It cheered Mrs. Kern and William Kern and John W. Kern. When they came on the stand Republicans applauded as loudly as the Democrats.

The crowd gathered early and while waiting for the exercises to begin the Indianapolis Military Band gave a concert of popular music. The band played "Marching Dixie" and "The Star Spangled Banner."

When the carriage in which Mr. Kern and Vice President Fairbanks rode arrived the band started. When John W. Kern came Marching Home.

This was the signal for a tumultuous applause and when the two distinguished men alighted they were greeted enthusiastically.

Mayor Bookwiler extended a greeting as Mr. Fairbanks and Mr. Kern ascended to the platform. Mr. Kern was warmly welcomed on the platform by prominent men of the city who were there in special invitation. A few minutes later Mrs. Kern, Miss Julia Kern and the children arrived.

Mayor Bookwiler signaled for silence and with few brief remarks presented Vice President Fairbanks.

"We have met the Mayor said to do honor to a fellow citizen who has brought honor to all of us." Vice President Fairbanks was applauded heartily when he arose. He spoke about ten minutes, paying a fine tribute to his friend and neighbor John W. Kern. The Vice President happily recalled that four years ago when he returned to the city a Vice Presidential nominee, Mr. Kern was one of those to give him a hearty welcome. Each reference the Vice President made was applauded by the big crowd.

Perhaps in all his career as a public speaker John W. Kern never was received with more ardent applause than he was when he faced the crowd of 5,000 people tonight. Although tired and worn from his long trip Mr. Kern was in good voice and the crowd heard him distinctly.

Jordan Hulsey, was tried in county court yesterday for selling liquor and was fined \$50 and thirty days in jail. His father, Bill Hulsey, was acquitted today on same charge.

government. In a government in which all chosen representatives of the people labor together to give expression to the will of the voters.

But the president is the highest position in the world and its occupant is an important factor in all national matters. It is a devotion to our theory of government that makes the constitutional distribution of power. It is there, roughly in the people and fully in sympathy with them in their aspirations and hopes. He has an opportunity to do a splendid work. He occupies a position of honor from which he can exert a wholesome influence in favor of each forward movement.

The responsibility of office is so great that the occupant ought to be relieved of every personal ambition save that in honor of his countrymen. For this reason he ought to enter the position without thought or prospect of a second term.

While the duties of such an office are heavy and while the honors of the office are exciting and exalting, the field of service is large and we esteem its greatness by service. The president by consecrating himself to the public will make himself secure in the affections of his fellow citizens while he lives and creates for himself a permanent place in the nation's history.

### FRISCO FLYER DERAILLED.

Track torn up and Traffic Delayed But No One Injured.  
Weleetka, Okla., July 15.—Four passenger coaches filled with travelers escaped uninjured this evening at 7 o'clock when Frisco Flyer No. 10 north bound left the track 2 miles north of here. The track was torn up and traffic will be delayed until 10 o'clock tomorrow.

The engine and sleeping car held the rails but four passenger cars between jumped the track and bumped along on the ties for several car lengths before the train was brought to a standstill. Not a scratch could be found on any of the passengers and the trainmen were unhurt.

Spreading rails are held responsible for the wreck.

## PLENTY TO KEEP US ALL BUSY AND HAPPY.

The July crop report is most encouraging. It shows that the winter wheat harvest this year will be approximately 416,511,000 bushels as compared with 409,442,000 bushels last year. While slightly larger than the 1907 crop, the crop this year has been surpassed in size only three times—1906, 1905 and 1901—so we are close to a record output. Spring wheat data indicate a crop of 276,276,000 bushels, which likewise is larger than that of last year. The only larger crops were those of 1901, 1899 and 1898. The total indicated yield of wheat is 692,790,000 bushels. The only better years were 1906—the record year—1905 and 1901. The promise for corn is 2,726,000,000 bushels on an area of 100,996,000 acres and a condition of 82.8. This estimate at 133,000,000 bushels higher than the 1907 harvest, but 201,000,000 bushels less than the output of the preceding year.—Dallas News.

## RESOLUTION.

In Council Chambers of the City of Ada, Oklahoma.

Whereas, the first legislature of the State of Oklahoma has seen fit and wise to enact and pass into a law "House Bill No. 231," being "An Act to provide for the improvement of streets and other public places within cities of the first-class, by grading, paving, macadamizing, curbing, guttering and draining the same and declaring an emergency," and

Whereas, the city of Ada, Okla., has grown from a small country village to a city of the first-class under the laws of the State of Oklahoma, duly declared to be such by the Governor thereof, and

Whereas, the increased traffic on and over the public thoroughfares of the said city makes it imperative that more efficient and substantial streets and highways be built in the said city at once

Therefore, be it resolved by the mayor and the councilmen of said city, in regular session assembled, that an urgent necessity for the paving, guttering, grading and curbing of Main street of said city, from the west side of the right of way of the St. Louis and San Francisco railroad to the east side of the right of way of the Missouri, Kansas and Texas railroad, Townsend avenue of said city, from the middle of 12th street, on the south to the west side of the right of way of the St. Louis and San Francisco railroad on the north Broadway avenue of said city, from the middle of 12th street on the south to the west side of the right of way of the St. Louis and San Francisco railroad on the north and Rennie avenue of said city, from Main street to the middle of the alley between Main and 12th streets, be and is hereby declared to exist; and resolved further, that the said mayor and councilmen will proceed to grade, pave, gutter and curb the said streets and avenues between the points afore said with vitrified brick or asphaltum after fifteen days from the last day of the publication of this notice.

Passed and approved, this the 8th day of July, A. D., 1908.

GEO. A. HARRISON, Mayor.

Attest: W. B. JONES, City Clerk.

SEVEN PEARLS SEVEN INCHES.

County Treasurer Cates Demonstrates  
the Greatness of Our Soil.

It always pleases the News to be  
come informed of anything or any  
condition which forebodes good to  
Pontotoc county. It likewise always  
gratifies the News editor to meet the  
informants who afford enlightenment  
concerning those advantages which  
obtain in Pontotoc county.

County Treasurer Cates brought  
to the News office Wednesday a  
little limb, the stem of which was  
not larger than the tapering finger  
of a lean society lady and the length  
of which was only about fifteen  
inches. Clinging to the little sprig  
which offset this little limb were  
seven enormous, healthy, luscious ap-  
pearing Bartlett pears, averaging in  
circumference from nine to ten  
inches. These pears were the product  
of Ada soil and resulted from Col-  
onel Cates' cultivation which was  
the mere planting of the seed. Pon-  
totoc county soil cannot be excelled  
in the growth of fruit.

Moral: The first thing you do  
when you have acquired a farm,  
plant an orchard. If you want to get  
rich quick, and absolutely don't have  
to find the price of a bale of cotton  
in the fall with which to buy gro-  
ceries, plant all your tract in the  
same thing.

## An Unfortunate Error.

In the prices given in the adver-  
tisement of the Surprise Store, pub-  
lished in yesterday's News, two er-  
rors were made by the printer in  
correcting the proof.

Men's pants worth up to \$2.00  
were quoted at \$1.95, when the price  
should have been \$1.25.

Boys' serge Knickerbocker suits  
should have been priced at \$2.95 in-  
stead of \$2.25.

The Surprise Store, in accordance  
with its custom to sell things as  
advertised, sold these suits at the  
price of \$2.25, losing the difference  
between that and \$2.95 on each  
suit, until this correction could be  
made.

Get my "Book No. 4 For Women."  
It will give weak women many val-  
uable suggestions of relief—and with  
strictly confidential medical advice is  
entirely free. Simply write Dr. Shoop  
Racine, Wis. The book No. 4 tells all  
about Dr. Shoop's Night Cure and  
how these soothing, healing, anti-  
septic suppositories can be success-  
fully applied to correct these weak-  
nesses. Write for the book. The Night  
Cure is sold by G. M. Ramsey.

Heat prostrates the nerves in the  
summer one needs a tonic to off-set  
the customary hot weather Nerve and  
Strength depression. You will feel  
better within 48 hours after beginning  
to take such a remedy as Dr. Shoop's  
Restorative. Its prompt action in re-  
storing the weakened nerves is sur-  
prising. Of course, you won't get en-  
tirely strong in a few days, but each  
day you can actually feel the im-  
provement. That tired, lifeless, spir-  
itless feeling will quickly depart  
when using the Restorative. Dr.  
Shoop's Restorative will sharpen a  
failing appetite; it aids digestion;  
it will strengthen the weakened Kid-  
neys and Heart by simply rebuilding  
the worn-out nerves that these or-  
gans depend upon. Test it a few days  
and be convinced. Sold by G. M.
